5. The Interactive Maps page will be displayed, and you can select the COVID-19 map by clicking on the upper blue oval button.

To use the interactive map, accept the terms and conditions. Navigation is typical of most interactive maps, but here are a few key tips:

- Click directly on an area or location to display the location and COVID-19 case information in a call-out box.
- If you use the search function to locate a place, the call-out box will not indicate the COVID-19 case information. Just click on the map location and the call-out box that includes the COVID-19 case information will be displayed.
- To display the map legend, click on the symbol with three dots and lines in the top right corner in the grey band.
- Use the Zoom feature (+ and – icons) to see more detailed geographic information.
